

GOL-E-ZANNAT KEYA

(DOB: 08-01-2000)

Natore, Rajshahi.

Phone: +8801733565012

E-mail: zannatkeya12@gmail.com

LinkedIn: [linkedin.com/in/zannatkeya](https://www.linkedin.com/in/zannatkeya)

GitHub: <https://github.com/ZannatKeya07>

Career Objective:

Motivated and skilled B.Sc. Engineer in the Information and Communication Engineering field, eager to apply technical expertise and academic background to contribute effectively to a dynamic company. Seeking a challenging role where I can utilize my skills in programming knowledge to drive innovation and achieve organizational goals.

Educational Qualifications:

Examination	Passing Year	Institution Name	Concentration	Result
B.Sc.	2024	Bangladesh Army University of Engineering and Technology, Qadirabad, Cantonment, Natore, Rajshahi, Bangladesh.	Information & Communication Engineering	CGPA 3.66 (4 Point Scale)
H.S.C	2019	Singra Damdama Pilot School & College, Rajshahi Board	Science Department	GPA 4.00 (5 Point Scale)
S.S.C	2016	Singra Damdama Pilot School & College, Rajshahi Board	Science Department	GPA 4.56 (5 Point Scale)

Employment History:

1. Industrial Attachment

Duration: 1 month (Laravel framework)

Organization: Riseup Labs, Dhaka.

Research Interest:

1. Machine Learning
2. Artificial Intelligence
3. Deep Learning
4. Data Science
5. Digital Image Processing
6. Computer Vision
7. Data Communication and Computer Network

Computer Literacy:

- Programming Language : C, C++, Python (ML), AI, Java.
- Database : MySQL.
- Web Page Design : HTML, CSS, Bootstrap, JavaScript, React Js.
- Scripting Language : PHP.
- Operating System : Windows OS, Linux OS, Google's Android OS.
- Microsoft : Excel, PowerPoint, Word, Access.

Personal Skills:

- ✓ **UI and UX**
- ✓ **Project management**
- ✓ **Strong decision maker**
- ✓ **Data Entry**
- ✓ **Organizational Leadership**
- ✓ **Programming Language (C, C++, Python, Java, PHP)**
- ✓ **Complex problem solver**
- ✓ **Public Worker**
- ✓ **Service-focused**

Language Competency:

- Bengali: Mother tongue
- English: Well versed in both written and spoken English.

Communication Skills:

- Proficient in clear and concise verbal and written communication to effectively convey technical concepts and collaborate with team members.

Project Executed:

- **Explainable Fake News Detection Using Machine Learning with TF-IDF and Passive Aggressive Classifier.**
Developed In: Python, ML Algorithms
- **An Automated Face Recognition Based Attendance System Using Artificial Intelligence.**
Developed In: Python, ML Algorithms
- **Autism Spectrum Disorder Detection using Machine Learning Algorithms.**
Developed In: Python, ML Algorithms
- **Suicide detection using Machine Learning Algorithms.**
Developed In: Python, ML Algorithms
- **Movie Recommendations Using Machine Learning Algorithms.**
Developed In: Python, ML Algorithms
- **Fake news detection using Machine Learning Algorithms.**
Developed In: Python, ML Algorithms
- **IOT based Home Automation and Fire Detection.**
Developed In: Arduino Uno, C++
- **Automated Railway Level Crossing Gate Security System.**
Developed In: Arduino Uno, C++
- **Online Book Store-BookByte Website.**
Developed In: HTML, PHP, JavaScript
- **Hospital Management System.**
Developed In: PHP, JavaScript

- **Library Management System using C++.**
Developed In: C++

Thesis Topic:

B.Sc. Thesis: “An Interpretable Framework Utilizing Ensemble Model and Explainable AI for Screening of Autism Spectrum Disorder”.

Extra Curriculum Activities:

- **Treasurer:** BAUET ICT Club 2024.
- **Chief of Human Resources:** BAUET Career Club 2024.
- **General Member:** BAUET Robotics and Automation Club 2023.
- **General Member:** BAUET Computer Society 2022.
- **General Member:** BAUET Welfare Club 2024.
- **Department Ambassador:** BAUET TECH FAIR, 2024.
- **Department Ambassador:** Mind Strome 5.00, 2024.
- **Department Ambassador:** Bangladesh ICT and Innovation Network 2024.

Participations/Achievements:

Aesthetic Hand-Writing Competition-2023

- Winner, hosted by BAUET.

Workshop on “Automation & Robotics”. (2023)

- Participated in a **2-day (4 sessions, 8 hours)** Workshop on “Automation & Robotics” hosted by the BAUET Automation & Robotics Club in collaboration with the IEEE BAUET Student Branch.

Workshop on “Microcontroller and Raspberry Pi Programming with Interfacing”. (2023)

- Participated in a **full-day** Workshop on “Microcontroller & Raspberry Pi Programming with Interfacing” organized by the BAUET ICT Club.

Workshop on “Satellite Technology in Bangladesh from ICE FEST 2.0”. (2022)

- Participated in a **full-day** Workshop on “Satellite Technology in Bangladesh from ICE FEST 2.0” organized by the BAUET ICT Club.

Webinar on “Higher study in Abroad & Research in Biomedical Engineering”. (2022)

- Participated in a **full-day** Workshop on “Higher study in Abroad & Research in Biomedical Engineering” hosted by the BAUET Automation & Robotics Club in collaboration with the IEEE BAUET Student Branch.

Webinar on “Future Career in AI & Machine Learning”. (2020)

- Participated in a **full-day** Workshop on “Future Career in AI & Machine Learning” organized by the BAUET ICT Club.
