SUMMARY

Motivated and skilled B.Sc. Engineer in the Information and Communication Engineering field, eager to apply technical expertise and academic background to contribute effectively to a dynamic company. Seeking a challenging role where I can utilize my skills in programming knowledge to drive innovation and achieve organizational goals.

EDUCATION

Bachelor of Science (B.Sc.) in Information & Communication Engineering

Bangladesh Army University of Engineering and Technology (BAUET),
Qadirabad Cantonment, Natore
2024 | CGPA: **3.66 / 4.00**

Higher Secondary Certificate (H.S.C) – Science

Singra Damdama Pilot School & College, Rajshahi Board
2019 | GPA: **4.00 / 5.00**

TECHNICAL SKILLS

- **Programming & AI:** Python (Machine Learning, Deep Learning, Explainable AI), C, C++, Java
- **Web Technologies:** React.js, JavaScript, HTML5, CSS3, Bootstrap, PHP
- **Database & Tools:** MySQL, Git, Linux, Arduino, IoT
- **Professional Skills:** Client Communication, Technical Documentation, Requirement Analysis, Project Coordination

KEY PROJECTS

- **Explainable Fake News Detection** – Built an interpretable ML model for misinformation detection using Python.
- **ASD Screening Tool (B.Sc. Thesis)** – Developed an Ensemble Model with Explainable AI for early healthcare screening.
- **Face Recognition Attendance System** – Created a real-time AI attendance solution for institutions and corporates.
- **IoT Home Automation & Railway Gate Security** – Designed practical IoT solutions using Arduino.

LEADERSHIP & ACTIVITIES

- **Chief of Human Resources**, BAUET Career Club (2024)
- **Treasurer**, BAUET ICT Club (2024)
- **Department Ambassador**, BAUET TECH FAIR & Mind Strome 5.00 (2024)
- **Active Member**, BAUET Robotics & Automation Club and Computer Society
